"Acceptable Moustache Variants for Official Witnesses"
Mandated by the National Office of Aesthetic Regulation (NOAR)

A. APPROVED STYLES

All styles must conform to grooming doctrine as outlined in §14-XXVII-bis, with emphasis on neat curvature, density uniformity, and non-provocative silhouette.

STYLE NAME	NOTES
Regulation Curved (Standard)	Slight natural curvature. Ends should not exceed corners of the mouth.
Chevron (Substantial)	Dense and symmetrical. Not to be mistaken for walrus. Mid-lip overlap acceptable.
Pencil (Discrete Class-A)	Thin, neat, with a visible upper margin.
Handlebar (Curved Variant B)	Approved only if curvature does not exceed 45° and grooming wax used is unscented and matte.

B. PROHIBITED STYLES

STYLE NAME	GROUNDS FOR REJECTION
Walrus	Overhang obstructs lip visibility. Associated with literary seditionists.
Fu Manchu	Excessive length; potential concealment risk. Denied under Protocol 11 addendum.
Toothbrush (Deprecated)	Historical association with disreputable regimes. Deprecated since Grooming Edict 1939-A.
Asymmetrical / Frayed Ends	Signals ideological instability and aesthetic deviance. Subject to immediate

grooming tribunal.

Beards are generally discouraged unless justified by a certified Religious Codicil (Form R-13) or Medical Exemption (Form M-22).

Acceptable beards must:

- Be short-trimmed (≤ 1.2 cm length)
- Follow jawline contours without interruption
- Be accompanied by a moustache of equal or greater discipline

2. Natural daylight only. No filters or beautification permitted.
